Version 2019,2022

Classic Asp

MVC Format

HTML,CSS,BOOTSTRAP

JAVASCRIPT(JQUERY)

Vizrt

Version 3.3,5.1

Visual studio

Version 2017,2019,2022

Education

BCA (Bachelor of Computer Applications),

Himalayan Gharwal university

2019 – 2022

Class 12 (PCM), CBSE

Class 10, CBSE

Professional Experience

Software Engineer,

Associated Broadcasting Company Pvt. Ltd. (TV9)

01/2023 – 05/2025

Responsibilities & Achievements

- Developed and maintained web applications using VB.NET, C#, WebForms, SQL Server, and ADO.NET.
- Designed and consumed APIs to integrate with in-house and third-party systems.
- Built interactive UI components using HTML, CSS, and jQuery to enhance user experience.

Key Skills

- VB.NET, C#, WebForms, ADO.NET
- SQL Server (Queries, Joins, Stored Procedures)
- HTML, CSS, JavaScript, jQuery
- Vizrt Tools & Integration

Projects

Election Dashboard

- Designed and developed a real-time election results dashboard with manual and auto data updates.
- Integrated Vizrt graphics for on-air display and backend data synchronization using C# and SQL Server.

Internal Ticketing System

- Developed modules for Create Ticket, Assign Ticket, and Log Issues, ensuring smooth workflow between employees and IT team.
- Designed an IT Dashboard for easy tracking of ticket status, improving visibility and record management.
- Used **C#, WebForms, SQL Server, jQuery**, and **ADO.NET** for implementation.

Video Merging & Conversion Software

- Built a desktop tool that merges multiple video files and converts them into a common format.
- Implemented core logic in **C#** with file handling and conversion utilities.
